Posted time: Beginning the week of September 12<sup>th</sup>, Vision data collectors will be visiting homes in the northern half of town in the Wolf Neck Rd and North Stonington Rd areas.

Vision Government Solutions, Inc. has been contracted by the Town of Stonington to collect data for residential properties for the state mandated Town's 2012 revaluation. For the next year, during the initial phase of the municipal revaluation, data collectors will visit all residential and commercial properties to physically inspect and measure a building's interior and exterior.

All contracted employees will carry a Town of Stonington (yellow badge) and Vision identification badges. For your safety, please request to see this identification before granting anyone permission to enter your home. If permission is denied an estimate of value will be determined based upon the observation of your property with similar properties, so that it is in your best interest to have the information verified and entered correctly. Please call the assessor's office 860-535-5098 during office hours of 8:30 a.m. to 4:00 p.m., if you need to make other arrangements for an inspection during the posted times.

New assessments will not be available until November of 2012. Once established, a notice of new values will be mailed to all property owners. Upon receipt of the notice property owners may schedule an informational hearing with Vision Government Solution, Inc. to discuss any issues regarding the property assessment.

Additional information regarding the 2012 revaluation will be periodically posted on the Town of Stonington's website. Taxpayer information is also available through Vision Government Solutions at, <http://data.visionappraisal.com/TaxpayerInfo/>.

The Stonington Police (860-535-4411) personnel have been given a photograph of the field personnel as well as vehicle registration information. A sign appears on the sides of their vehicle identifying the assessor's office. If you wish to confirm the identity of Vision staff during working hours please call the Stonington Assessor's Office at 860-535-5098.
